

PRODUCT DATA SHEET

PRODUCT	: A-HANGO L	
VERSION No.	: 1.0	DATE: 08-08-2023

Introduction:

A-Hango L is a liquid form of protein peptide complex obtained through fermentation of a food grade microbe designed to reduce the effects of an alcoholic hangover.

All the ingredient of **A-Hango L** are natural and safe for use.

Alcoholic Hangover is a term used to describe a common condition that causes substantial impairment to affected individuals, characterized by unpleasant symptoms that occur after drinking alcohol.

Benefits:

The active component (completely natural, no chemicals) of the **A-Hango L** protein peptide complex reduces the effect of alcoholic hangover. It eliminates acetaldehyde (cause of hangover) – an intermediate product of alcohol metabolism in human body, through protein peptide complex supplementation method.

- A-Hango L binds with –CHO group of aldehydes and forms a complex.
- Complex scavenged from blood stream and excreted out of body reducing hangover effects

Application Conditions:

A-Hango L is a liquid that can be used by various deliverable agents like Shots, Tablets, Spice Mix, natural herbs, snacks, etc..... It can be consumed during the course of the session or before.

Dosage:

- 0.5ml per person

Disclaimer:

A-Hango L does not prevent intoxication or prevent consequences of excessive alcohol consumption and does not claim to treat or overcome critical cases of alcohol induced poisoning.

Please Do Not Drink and Drive; Drink Responsibly

Storage Conditions & Packaging:

- **A-Hango L** MUST BE STORED at temp. $25\pm 5^{\circ}\text{C}$ and $35\pm 5\%$ humid conditions
- It is best if used before 12 months from date of manufacturing.
