

PRODUCT DATA SHEET

PRODUCT	: TEXTUREAID [®] MSK	
VERSION No.	: 2.1	DATE: 01-04-2018

Introduction:

The meat Industry is going through the challenging phase of keeping product prices under control while the manufacturing of ground meat products like sheek kebab and sausages without compromising the structural and sensory parameters of the finished products.

TextureAid[®] MSK is a Hydrocolloid and SVP based meat texturiser, which aids in improved water holding capacity in ground meat products which allows reduction of meat content without affecting the product quality.

Benefits:

Sheek Kebab:

- Allows reduction of meat by 16% in restructured meat products
- Provides significant production costs reduction for meat product manufacturers (2000/100kg Batch).

Sausage:

- 100% replacement of minced chicken meat with MDM and availing a savings of Rs 6000/100kg batch size in sausages.
- Enables vendors to have various range of sausages based on the chicken percentage incorporation and cater to various market segments.

Application Conditions:

Recommended dose of 1% of total product formulation.

Storage Conditions and Packaging:

TextureAid[®] MSK must be stored at temp. 25±5°C and 35±5% humid conditions

It is best if used before 6 months from date of manufacturing.

It is available in 25kg HDPE bags.
