

PRODUCT DATA SHEET

PRODUCT : **AIRBLISS URINAL TOILET CLEANER**

VERSION No. : **1.0**

DATE: **11-02-2026**

Introduction:

Traditionally, urinal and toilet cleaners rely on strong acids or alkalis that are corrosive, harmful to surfaces, and unsafe for frequent use.

AIRBLISS URINAL TOILET CLEANER is a specially formulated using non-pathogenic micro organisms that break down organic deposits such as uric acid, scale, and soap scum and odour causing residues. It is designed to effectively clean and maintain urinals and toilets and surrounding surfaces.

Benefits:

- **Eco-Friendly:** 100% biodegradable formulation — safe for users and the environment.
- **Non-Corrosive:** Safe on plumbing and all urinal surfaces (ceramic, stainless steel, etc.).
- **Chemical-Free Cleaning:** No harsh acids or alkalis — suitable for regular maintenance

Application condition:

- Spray 25ml directly on surface
- Allow contact time of minimum 10 minutes for microbial action
- Lightly scrub and rinse
- Suitable for routine and preventative cleaning

Note: Dosage may be adjusted based on the degree of soiling and the frequency of application.

Storage Conditions & Packaging
