

PRODUCT DATA SHEET

PRODUCT	: STP ACTIV [™]	
VERSION No.	: 2.1	DATE: 01-04-2018

Introduction:

It's a general trend that STP's and ETP's being a high investment generally runs out of its capacity and thus unable to function appropriately. STP ACTIV[™] can give the capacity boost and also kick start and upset STP and ETP within 24 hours.

STP ACTIV[™] (Special Bio-enzymes) is a powder concentrate of specially selected multiple bio-enzymes adapted for degrading the organic material derived from industries and institutions.

Benefits:

- Sludge reduction up to 70%.
- Malodor reduction up to 90%.
- Scum reduction up to 100%.
- BOD reduction up to 10ppm.

Application Conditions:

- Sewage treatment plant.
- Effluent treatment plant in food industries.
