

PRODUCT DATA SHEET

PRODUCT : **AIRBLISS™ GLASS CLEANER**

VERSION No. : **1.0**

DATE: **24-08-2026**

Introduction:

AIRBLISS GLASS CLEANER is a ready-to-use cleaner specially formulated to remove dirt, grime, fingerprints, smudges, and other residues from glass and transparent surfaces. It provides a clean, clear, and streak-free finish without leaving visible marks or residue. Suitable for windows, mirrors, glass doors, glass panels, display units, plexiglass, and other compatible glass surfaces

It is a water-based formulation and does not contain any harsh chemicals. Hence it ensures effective cleaning without unsightly chalk deposits.

It is easy to use and leaves behind a pleasant, fresh scent.

Benefits:

1. Easy to use
2. Does not leave streaks
3. Easily dissolves dirt and grime
4. Has a fragrant formula

Application Conditions:

- Directly spray the product onto the surface to be cleaned
- Wipe surface with a dry, clean lint free cloth
