

PRODUCT DATA SHEET

PRODUCT	: STABAIID [®] C	
VERSION No.	: 2.1	DATE: 01/04/2018

Introduction:

STABAIID[®] C is a specially designed product consisting of specialised bio-chemicals which act as a dispersant and reduces the sedimentation losses of natural flavouring/ingredients such as badam powder/cocoa powder etc. by stabilizing/ retaining it in homogenous state in milk based drinks. It consists of hydrocolloids and modified starch which provides the stabilizing property.

Benefits:

- Increased retention of flavouring ingredients such as cocoa powder, badam powder etc. in homogenous state
- Prevention of sedimentation losses >15% of ingredients
- Improvement in sensory characteristics by 30%

Application Conditions:

To be used under heating conditions of 85°C to 120°C. Recommended dosage is 400-500 ppm

Storage Conditions and Packaging:

STABAIID[®] C MUST BE STORED at temp. 25±5°C and 35±5% humid conditions

It is best used before 6 months from the date of manufacturing.

It is available in 25kg HDPE bags

All our products, conform to the standard FSSR, 2011 (The food safety and standard regulation, 2011 as amended by regulations, 2016)
